The highest reinforcement properties available on the market

A comparative study carried on three different type of tapes (New FibaTape® Classic, paper tapes and standard self-adhesive fiber tapes) demonstrated:

- **Superior mechanical properties** of the joint* with FibaTape® Classic (+ 25% compared to paper tapes, + 70% compared to other fiber tapes)
- **Better capacity** of the joint reinforced with FibaTape® Classic for absorbing higher vibrations (and for longer).
