

NEW

Less compound
Less sanding
Less visible

Perfect Finish

FibaTape®

Ultra-Thin Drywall Tape

For Seamless Drywall Finishing and Wall Repair

- **Thinner profile** – Over 30% thinner than standard paper drywall tape and regular fiberglass mesh tape – without compromising strength.
- **Fiberglass mesh** – Creates a high strength, seamless surface that's easy to conceal.
- **Self-adhesive tape** – Saves time by eliminating the need for a pre-bedding coat.
- **Ideal for butt-end joints** – A thinner profile requires less compound for easier feathering and sanding.
- **No blisters and bubbles** – An open mesh design means as smooth finish every time.
- **Increased strength** – 50% more intersection points and an increased number of fabric yarns for unparalleled durability. Strength-to-first-crack testing proves that Perfect Finish is stronger than standard fiberglass mesh.

This innovative FibaTape®, new ultra-thin drywall tape offers a Perfect Finish every time.

Stronger ideas for a sustainable world

Innovative solution for superior drywall finishing and wall repair

Perfect Finish Ultra-Thin Drywall Tape

FibaTape® Perfect Finish ultra-thin drywall tape is perfect for both professionals and do-it-yourselfers. The 90m roll makes big projects a breeze, while the 20m roll is ideal for smaller jobs and home repairs.

Available in 20 m x 48 mm and 90 m x 48 mm rolls.

FibaTape® offers a full line of products for wall finishing

The FibaTape® family of products includes a complete range of innovative drywall joint tapes and cracks repair products, each offering strength, flexibility, easy installation and considerable cost savings. By focusing product development on contractor needs, FibaTape has become the brand professionals turn to for quick and easy drywall finishing and repair solutions.
